* If Harness is included in this optional kit, part number for the kit is **75-FPHO-H**.

If Harness is excluded from kit (for builder to install a different brand/model of harness), P/N is **75-FPHO**.
(Price of kit will vary accordingly)

Notes:

- 1) The above kit is optional for the CH 750 STOL and CRUZER models.
- 2) The Attachment Fittings & Hardware listed above are included as part of the standard Super-Duty CH 750 airframe kit (the 4-point harnesses are available separately as an upgrade).
- 3) This option (75-FPHO) is compatible with the BRS option (C75-BRS) – also available separately.
